

## 6.2 Temporary Activities, Buildings and Events

### 6.2.1 Introduction

This introduction is to assist the lay reader to understand how this sub-chapter works and what it applies to. It is not an aid to interpretation in a legal sense.

This sub-chapter [6.2 Temporary Activities, Buildings and Events](#) relates to the management of [temporary activities and buildings](#) and events throughout the district. The objectives, policies, rules, standards and matters of discretion seek to enable these activities in order to recognise the important role that such activities play in the rebuild of Christchurch, while managing the potential adverse effects on the environment. Please note, temporary earthquake recovery activities are addressed separately in Sub-chapter 6.4 Temporary Earthquake Recovery Activities.

The provisions in this sub-chapter give effect to the Chapter 3 Strategic Directions Objectives.

### 6.2.2 Objective and Policies

#### 6.2.2.1 Objective - Temporary activities [and buildings](#) and events

- a. A diverse range of [temporary activities and buildings](#) and events is enabled, while having regard to the natural, historic and cultural values and expected [amenity values](#) of the areas in which they are located. The [temporary activities and buildings](#) and events:
  - i. provide opportunities for artistic, social and/or cultural expression;
  - ii. contribute to the economic recovery and resilience of [Christchurch District](#); and/or
  - iii. reinforce or promote a positive sense of place and community.

#### 6.2.2.1.1 Policy – Temporary activities [and buildings](#) and events

- a. Enable [temporary activities and buildings](#) and events, provided:
  - i. the location, frequency, scale, duration and effects of the [temporary activity and building](#) are compatible with the level of amenity anticipated by the surrounding environment, or are within a range that can be tolerated given the temporary nature of the activity;
  - ii. parking and traffic generation are managed so that:
    - A. [road](#) safety and network efficiency is not compromised; and
    - B. [accessibility](#) within and to local [commercial centres](#) and businesses is not adversely affected;

- C. temporary parking within Hagley Park does not result in disturbance to the ground, or to the root systems of trees, that would adversely affect the long-term health or life span of the trees;
- iii. public access to [public open space](#) is maintained as far as practicable, given the nature of the activity or event in question;
- iv. natural, historic or cultural values of [sites](#) are not permanently modified, damaged or destroyed; and
- v. activities, [buildings](#) or events in the vicinity of [strategic infrastructure](#) do not compromise the operation of that infrastructure or pose a safety risk.

#### 6.2.2.1.2 Policy – Temporary construction buildings

- a. Enable temporary [buildings](#) and other structures associated with construction projects, including temporary [signage](#), provided that the amenity impacts on the surrounding environment are effectively managed, while recognising that within the context of the rebuild, a higher threshold of tolerance should be provided for temporary adverse amenity effects that do not compromise health or safety.

### 6.2.3 How to interpret and apply the rules

- a. The rules that apply to [temporary activities and buildings](#) in all zones are contained in the activity status tables (including activity specific standards) in Rule 6.2.4, except for the activities included within clause c. of the definition of “[temporary activities and buildings](#)” to which the rules in Sub-chapter 6.4 Temporary Earthquake Recovery Activities apply.
- b. [Temporary activities and buildings](#) are exempt from the rules in the relevant zone chapters and other [District Plan](#) rules, except as specified below or in the activity specific standards in Rule 6.2.4.
- c. The activity status tables and standards in the following chapters and sub-chapters apply to [temporary activities and buildings](#) (where relevant):
  - 5 Natural Hazards:
    - s5.10 Port Hills and Banks Peninsula Slope Instability Management Areas;
  - 6 General Rules and Procedures:
    - 6.3 Outdoor Lighting (except as otherwise specified in Rule 6.2.4);
    - 6.4 Noise (except as otherwise specified in Rule 6.2.4);
    - 6.8 Signage (as specified in that sub-chapter and as specified in Rule 6.2.4);
  - 7 Transport (as specified in Rule 6.2.4);
  - 8 Subdivision, Development and Earthworks;
  - 9 Natural and Cultural Heritage;
  - 11 Utilities and Energy;

## 12 Hazardous Substances and Contaminated Land.

- d. Rule 6.2.4 does not apply to activities and **buildings** anticipated by the rules in the relevant zone chapters or within the expected scope of operations for permanent facilities.
- e. In the Specific Purpose (Defence Wigram) Zone, the rules for temporary **recreation activities**, events or exhibitions (Rule 21.1.3.1 P2) apply instead of the rules for events and temporary markets in Rule 6.2.4.1 (P2 to P5, and P10).
- f. Section 6.2 does not apply to the Papakāinga/Kāinga Nohoanga Zone.

## Advice Notes:

1. **Temporary activities and buildings** permitted by the **District Plan** must also comply with the Building Act, the Reserves Act, any relevant policies or bylaws, and reserve management plans prepared under the Reserves Act 1977.
2. **Temporary activities and buildings** permitted by the **District Plan** may also be required to obtain other licenses or permits, such as for sale of alcohol or food; erection of stands or stalls, amusement rides or devices; street performance; and temporary **signage**. Additional restrictions and/or licensing requirements may apply to activities in **reserves** where they are administered under the Reserves Act. Approval may need to be sought from the **Council**, New Zealand Police or other agencies.

### 6.2.5 Rules - Matters of discretion

When considering applications for restricted discretionary activities, the [Council](#)'s discretion to grant or decline consent, or impose conditions, is restricted to the matters over which discretion is restricted in the table in Rule 6.2.4.2, and as set out for that matter below.

#### 6.2.5.1 Amenity

- a. The extent to which the proposed activity will:
  - i. contribute positively to local character, [amenity values](#) or sense of place and identity; or
  - ii. activate otherwise vacant or low-amenity spaces.
- b. The extent to which the location, scale, design, intensity or duration of the activity and any associated [buildings](#) will adversely affect the anticipated level of amenity in residential, commercial, rural, open space or specific purpose (Schools, Tertiary Education, Hospitals, Cemeteries) zones, particularly with respect to:
  - i. noise;
  - ii. outdoor lighting;
  - iii. hours of operation;
  - iv. cumulative effects of all [temporary activities and buildings](#) using the proposed location;
  - v. overshadowing;
  - vi. loss of privacy;
  - vii. visual amenity;
  - viii. waste management and littering; and

- ix. alcohol-related anti-social behaviour.

### 6.2.5.2 Transport

- a. The extent to which the location, scale, intensity or duration of the activity and any associated buildings will adversely affect:
  - i. the efficiency of the transport network;
  - ii. public safety; and
  - iii. availability of parking for permanent commercial activities, ~~or~~ community activities or local residents.

### 6.2.5.3 Economic recovery and resilience

- a. The extent to which the proposed activity will contribute positively to the local economy and create spill-over trade to permanent activities in commercial centres.

### 6.2.5.4 Competing requirements for the location

- a. The extent to which the proposed activity will limit public access to areas that would otherwise be accessible, or restrict other temporary or permanent activities from making use of the location.

### 6.2.5.5 Site disturbance or alteration

- a. The extent to which proposed activities, buildings, associated earthworks, servicing or any additional accesses or ~~ear~~-parking areas required will create an alteration or disturbance to any:
  - i. land;
  - ii. water bodies or their margins;
  - iii. vegetation; and/or
  - iv. ecosystems

that is irreversible or that will last beyond the duration of the activity or event and, where any such effects are reversible, the adequacy of any proposals for restoration.

### 6.2.5.6 Additional matters for Hagley Park

- a. The extent to which the activity will adversely affect:
  - i. existing landscape qualities, including vistas, water body margins and trees; and
  - ii. botanical and heritage features within the park.
- b. In relation to temporary parking within the dripline of trees:

- i. the extent to which the parking will result in disturbance to the ground or to the root systems of trees that would adversely affect the health or life span of the trees;
- ii. whether any such effects would be irreversible or last beyond the duration of the parking; and
- iii. where effects would be reversible or short-term, the adequacy of any proposals for restoration.
