Christchurch Replacement District Plan  
Chapter 14 – Residential (part)

# Introduction

## Boarding Houses and Tertiary Student Accommodation

Submission not driven by issues relating to:

- student anti-social behaviour or
- directly by accommodation requirements for rebuild workers.

# Introduction (cont)

pCRDP - 14.1.1.3 Policy –

**Non-Household residential accommodation.**

Enable non-household residential accommodation to locate throughout residential areas, provided that it is:

*“compatible with the anticipated character of any surrounding residential environment.”*

# Boarding Houses

- Not new
- Not unique to Christchurch
- Commercially driven activity

# Boarding Houses (cont)

- Akin to motels in impacts
- Population densities exceed designated Zone densities  
– sometimes by large margins
- Example: 21 people now occupy one site previously occupied by a family of four

# Boarding Houses (cont)

Results in significant increased:

- Demand for parking
- Demand on services and infrastructure
- Levels of general activity
- All incompatible with Residential Suburban and Residential Density Transition Zones

# Boarding Houses (cont)

- Christchurch has no planning control over these activities unlike other main centres. e.g. Auckland.
- Definition and rules required.
- Submission on these points supported by Riccarton – Wigram Community Board.
- CCC now agree definition and rules required.

# Boarding Houses (cont)

Proposed Definition (and as now proposed by CCC):

## ***“Boarding House***

*means accommodation on a site whose aggregated total:*

- (a) contains more than 2 boarding rooms and is*
- (b) occupied, or intended by the landlord to be occupied, by at least 6 people at any one time.”*

*(Note this definition encompass the complete site.)*

## ***“Boarding Room***

*means accommodation in a boarding house that is used as sleeping quarters by 1 or more people, and that is for use only by a person or persons whose agreement relates to that room.”*

# Boarding Houses (cont)

- Use of numbers of bedrooms does not adequately control the activity.
- “Bedrooms” could accommodate, 2, 3, 4 or more people.
- Accordingly item (b) of definition refers specifically to numbers of people.

# Boarding Houses (cont)

CCC Proposals.

Restricted discretionary across all residential zones

Matters of discretion:

- Urban design principles – 14.9.x;

- Traffic generation access and safety – 14.9.15

Council's list of matters of discretion too limited.

Omits Site Density and Coverage, Scale of Activity and Minor Residential Units.

# Boarding Houses (cont)
