

IN THE MATTER OF the Canterbury Earthquake
(Christchurch Replacement District Plan)
Order 2014

AND

IN THE MATTER OF the Definitions Proposal of the Christchurch
Replacement District Plan

Date: 17 February 2016

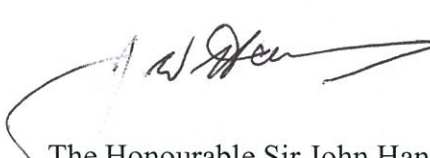

MINUTE

**in response to an application by Christchurch City Council regarding Stage 1
Definitions Decision**

[1] The Christchurch City Council ('Council') has filed an application requesting the deferral of the Hearing Panel's decision on Stage 1 Definitions ('the Decision') until after the Stage 2/3 Definitions hearing has taken place ('the application')¹. We are intending to release the Decision next week.

[2] Having considered the application we have determined that it is more important that the Decision issues as soon as possible to enable the Stage 1 chapters to be implemented. We decline the application accordingly.

[3] To assist with the efficient hearing and determination of all remaining Stage 2 and 3 chapters we direct the Council to provide, for each remaining hearing, a comprehensive list of Stage 1 definitions that apply to the chapter (or part chapter) being heard, that the Council or any other submitter is seeking to amend, delete or replace in Stage 2 or 3.

The Honourable Sir John Hansen
Chair

¹ Application on behalf of the Christchurch City Council regarding Stage 1 Definitions Decision dated 16 February 2016.
